

## RoHS and REACH Compliance Statement – Reviewed April 2022

REACH regulation (EC) No 1907/2006 (including all amendments)

RoHS Directive 2011/65/EU

Commission Delegated Directive (EU) 2015/863 (including all amendments)

UK REACH

The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012

To the best of our knowledge, all Prototype Projects Ltd (03926132) products currently in production are in compliance with the requirements of the Regulations and/or Directives as indicated above and do not contain any of the current Substances of Very High Concern (SVHC) in the Candidate List of Substances of Very High Concern for Authorisation as published on [echa.europa.eu](http://echa.europa.eu) in a concentration at or above the allowable limit as listed in the Directive, Decision and/or Annexes.

Prototype Projects Ltd (03926132) products do not contain the substances listed in Annex II of Directive 2011/65/EU and Commission Delegated Directive (EU) 2015/863 (including all amendments) at concentrations exceeding the Maximum Concentration Values (MCV).

Additionally, the products manufactured by Prototype Projects Ltd (03926132) are not considered to be EEE products as defined in the Directive as they are not 'dependent on electrical current or electromagnetic fields for at least one intended function'.

Prototype Projects Ltd (039261)32 is a manufacturer of articles that do not involve the "intentional release of substances". Accordingly, there is no registration, pre-registration or authorisation requirement for the products we manufacture. Prototype Projects Ltd (039261)32 do not use chemicals in quantities of 1 tonne or more per year.

**Disclaimer:** This RoHS and REACH compliance statement is, to the best of Prototype Projects Ltd's knowledge, accurate as of the date indicated on this page. As some of the information is based upon data provided from sources outside the Company, Prototype Projects Ltd makes no representation or warranty as to the accuracy of such information. Prototype Projects Ltd continues to work toward obtaining valid and certifiable third-party information, but has not necessarily conducted analytical or chemical analyses on all materials or purchased components. In no event shall Prototype Projects Ltd liability arising out of such information exceed the purchase price of the Prototype Projects Ltd item(s) sold to the Customer.
